# HOOP

ÚNETE AL EQUIPO

We are HOOP, an NGO that promotes the **sustainable development** of people and their families, in the community of Flora Tristan, in the city of Arequipa, Peru.

Our main objective is to break the cycle of poverty in which they currently find themselves. For that purpose, we created **educational, social, and community development projects** that seek to improve the quality of life of our beneficiaries.

We know the importance of English nowadays; unfortunately, many of our youngest beneficiaries do not have access to it because of their socioeconomic situation. With our English Program, we want to teach them new skills, that will **improve their education and change their future**. Do you want to help us help? Apply and become a HOOPster 🤝❤️
